INSTRUCTIONS

1 BEFORE THE TRANSFER

- **Check the identity of the product.**
- **Check that the delivered quantity does not exceed the tank capacity (< 1000 L).**
- Close the retention valve using the designated key.

2 DURING THE TRANSFER

- **The unloading supervisor must be present at all times.**
- Monitor the transfer operation continuously.
  (If any abnormality occurs: stop the operation immediately and notify your supervisor)

3 AFTER THE TRANSFER

- Disconnect the grounding strap and reopen the retention valve.
- Ensure the area is clean before leaving, and only depart after approval from the unloading supervisor.

IN CASE OF FIRE OR ACCIDENTAL SPILL

Call the Control Room at **05.56.38.55.10**

Remove contaminated clothing.

Rinse the affected area with water.

Inform site personnel and seek medical attention.

IN CASE OF AN ACCIDENTAL SPILL

If the spilled quantity is small, dilute it with plenty of water.

NO SMOKING OR VAPING
